## Welcome to the 14th Annual NAIA Division II Women's Basketball National Championship!

With the start of each basketball season, the mindset of NAIA student-athletes, coaches and supporters is locked on reaching the playoffs and competing for a national title. This event is the culmination of those dreams, determination, hours of team and individual preparation, and dealing with the highs and lows experienced throughout a season.

While the reward for that perseverance may come from competing in this event, from winning a national title or in the form of team or personal achievement, the less apparent and more important result is the strengthening of character. Since its inception, the NAIA has been focused on the education and development of student athletes and through our new Champions of Character program, we are emphasizing the positive lessons of sports. Respect, integrity, responsibility, servant leadership and sportsmanship are the tenants of initiative. The mission is to create an environment in which every NAIA student-athlete, coach, official and spectator is committed to the true spirit of competition.

In the end, sport will be better served. Society will be better served. And student-athletes will acquire character traits that will benefit them and everyone with whom they interact.

On behalf of our entire Association, I want to thank Sioux City for hosting this event and furthering the mission of the NAIA. In particular, I would like to express my appreciation to Sioux City Mayor Dave Ferris, tournament directors Dennis Gann and Tim Seaman and countless volunteers for their dedication, time and energy. Our member institutions thank you for your efforts.

To the student-athletes and coaches, I would like to encourage you to strive to be the very best while taking a moment to realize the lessons that can be learned from this experience. And to the fans, I would like to express my appreciation for your support and extend my wished for an enjoyable event.

Sincerely,

Steve Baker

President and Chief Executive Officer

# The NAIA – Providing Balanced Athletics Programs for 47,000 Student-Athletes

**T**hroughout its history, the National Association of Intercollegiate Athletics (NAIA) has provided strong leadership for all aspects of intercollegiate sports. Since its introduction of intercollegiate championship basketball in 1937, the NAIA has maintained the highest standards while administering first-rate athletics programs.

Time and time again, the NAIA has stepped forward to address the important issues of the day — be it racial integration in the '40s and '50s or establishing the first women's championship program in 1980. The NAIA has not been afraid to enact changes while others have watched and waited.

In the past decade, presidents of the NAIA colleges and universities have assumed a position of responsible leadership. The NAIA's Council of Presidents, the organization's primary governing body, is comprised of 35 college and university presidents from all regions of the United States.

With its major emphasis on education and character development, it was natural for the NAIA to further strengthen academic eligibility requirements in the mid-'80s. All NAIA participating student-athletes must maintain a 2.0 grade-point-average (GPA) while accumulating credit hours for a declared academic degree. Unlike other associations, NAIA student-athlete academic eligibility is monitored on a term-by-term basis.

The All-America Scholar-Athlete program, a long-standing NAIA tradition, recognizes junior and senior student-athletes with a minimum cumulative GPA of 3.5 (on a 4.0 scale).

During the '90s, the waves of change once again washed over the NAIA. The membership voted to institute affiliated conference and regional groupings and discontinue the use of district play as a means of qualification for national championships, marking the first time since the NAIA's creation that district competition would not be used.

Since 1937, the NAIA has administered programs and championships in proper balance with the overall educational experience. In 2000, the NAIA reaffirmed its purpose to enhance the character-building aspects of sport. Through Champions of Character, the NAIA seeks to create an environment in which every student-athlete, coach, official and spectator is committed to the true spirit of competition through five tenets: respect, integrity, responsibility, servant leadership and sportsmanship. This program will educate and create awareness of the positive character-building traits afforded by sports and return integrity to competition at the collegiate and youth levels while impacting all of society.

**“ THE LOOK ON HIS FACE WHEN I  
ARRIVED HOME FROM WORK.  
GUESS YOU HAD TO BE THERE. ”**

IN IOWA, YOU CAN HAVE THE CAREER YOU WANT and still have plenty of time for your family. Work in the various fields related to life sciences, information technology and advanced manufacturing. And raise a family where commute times are short, public schools are among the nation's best and the cost of living is low. It's a balance that really hits home.
